

Privacy Filter 14" 16:9 for Laptop – Clip-On Hanging Screen Privacy Shield 14" 16:9

Data sheet

Summary

- ✓ Clip-on, hook-mounted framed filter for quick attachment and removal on 14 inch 16:9 laptop screens.
- ✓ Limits side viewing to a 60° angle, helping prevent visual eavesdropping in public or open-plan spaces.
- ✓ Anti-reflective surface with fingerprint and scratch resistance for clearer viewing and longer life.
- ✓ Touchscreen compatible, so touch input remains responsive while privacy protection is active.
- ✓ Landscape orientation only, make sure your laptop uses a 14" 16:9 display before purchase.

Product description

Why choose this privacy filter?

Privacy Filter 14" 16:9 for Laptop – Clip-On Hanging Screen Privacy Shield Cirafon provides on-screen privacy and reduced glare while keeping touch and display responsiveness intact. It helps protect sensitive information from side viewing, resists scratches and fingerprints, and is easy to attach or remove with clip-on hooks for quick transitions between private and shared use.

Privacy Filter 14" 16:9 for Laptop – Clip-On Hanging Screen Privacy Shield in short:

- Clip-on, hook-mounted framed filter for quick attachment and removal on 14 inch 16:9 laptop screens.
- Limits side viewing to a 60° angle, helping prevent visual eavesdropping in public or open-plan spaces.
- Anti-reflective surface with fingerprint and scratch resistance for clearer viewing and longer life.
- Touchscreen compatible, so touch input remains responsive while privacy protection is active.
- Landscape orientation only, make sure your laptop uses a 14" 16:9 display before purchase.

Main functions

The Cirafon privacy filter uses a framed, clip-on design that hangs from the top bezel for secure, tool-free installation. The privacy film narrows the viewing angle to keep on-screen content visible only to the user in front of the display. Anti-reflective and fingerprint-resistant coatings improve legibility and reduce maintenance, while the scratch-resistant surface protects the screen during daily use. The black frame provides a discreet look that matches most laptop bezels, and the filter meets CE and REACH compliance standards.
