Product description

Why choose this cover?

Spectrum Solid Drop Safe Cirafon provides reliable everyday protection for your iPhone 14 Pro Max. The TPU construction dampens shocks and resists scratches, while a raised camera lip and precise cutouts keep the lens and ports accessible. The matte finish reduces fingerprints and improves grip. Built to withstand drops up to 2 meters, it balances protection with a slim profile.

Spectrum Solid Drop Safe in short:

- TPU material for shock absorption and scratch resistance
- Raised camera bezel to protect lenses from contact
- Slim, matte finish that improves grip and limits fingerprints
- Precise cutouts for buttons and ports, easy to install and remove
- Compatible with iPhone 14 Pro Max

Product details

Spectrum Solid Drop Safe combines a soft, flexible TPU shell with a low-profile shape that slips on easily and stays secure. The case protects the camera area and corners while preserving access to all controls and connectors on the iPhone 14 Pro Max. Its simple design keeps the phone usable without adding bulk, and the textured surface helps maintain a stable hold during daily use.
