Product description

Why choose this cover?

Spectrum Solid Drop Safe Cirafon provides reliable drop protection with a slim profile for everyday handling. Made from thermoplastic polyurethane (TPU), it absorbs shocks and resists scratches while keeping controls and ports easily accessible.

Spectrum Solid Drop Safe in short:

- Durable thermoplastic polyurethane construction for shock absorption and scratch resistance.
- Rated for drop protection up to 2 meters, as indicated on the product image.
- Matte black finish with a raised camera lip and precise cutouts for buttons and ports.
- Compatible with iPhone 14 Plus.
- Slim profile that fits comfortably in a pocket or bag.

Product details

The Spectrum Solid Drop Safe cover is designed for iPhone 14 Plus and combines a soft-touch exterior with a firm inner layer to reduce impact from everyday knocks. Precise cutouts preserve full access to the camera, buttons, and charging port, while the raised edges help protect the camera and screen when placed on flat surfaces.
