- ✓ Made to fit the iPhone 14

Product description

Why choose this cover?

Cirafon Spectrum Solid Drop Safe is a slim, impact-resistant cover that keeps your iPhone 14 protected in daily use. It combines a soft-touch TPU shell with a shock-absorbing design certified for drops up to 2 meters, so you get reliable protection without adding bulk. The cover also preserves full access to buttons, ports and the camera.

Spectrum Solid Drop Safe in short:

- Drop-safe protection certified up to 2 meters for real-world accidental drops
- Slim thermoplastic polyurethane (TPU) construction that cushions impacts
- Precise cutouts and tactile button covers for uninterrupted access to controls, microphone, speakers, charging port and camera
- Matte finish for a secure grip and reduced fingerprints
- Made to fit the iPhone 14

Spectrum Solid Drop Safe

The cover protects your iPhone 14 with a flexible TPU shell that absorbs shocks and resists everyday wear. Raised edges around the camera and screen add extra protection when the phone is placed face down. The cover slips on easily and stays securely in place while allowing unhindered use of the phone’s buttons, camera, speakers, microphone and charging connection.
