

Prokord DPC-SHUC131B

Data sheet

Core Specs

Cable length	1 m
Connector 1	CEE7/7
Connector 2	C13
Product colour	Black

Summary

- ✓ 1 m length keeps power leads tidy and reduces cable clutter
- ✓ CEE7/7 plug fits standard European sockets for easy installation
- ✓ IEC C13 coupler connects servers and peripherals without adapters
- ✓ Straight connectors allow flush mounting and simple routing
- ✓ Black jacket blends into racks and offices for a professional look

Product description

Why choose this power cable?

Prokord DPC-SHUC131B is a 1 m black mains lead with a CEE7/7 plug and IEC C13 coupler. It provides a compact, reliable connection for desktops, monitors and UPS units where space is limited. Straight, moulded connectors make installation simple and the standard fit ensures compatibility with common European power inlets.

Prokord DPC-SHUC131B in short:

- 1 m length keeps cabling tidy for close equipment-to-outlet connections.
- CEE7/7 plug to IEC C13 coupler, compatible with standard European mains sockets and most IT devices.
- Straight, moulded connectors for easy handling and a stable fit.
- Black colour blends into racks and office setups.
- Note: the 1 m length is convenient for short runs, so measure your setup if you need more reach.

Product details

This mains lead connects a C13 inlet on PCs, monitors, printers or UPS units to a European CEE7/7 wall socket. The cable's moulded ends and straight form factor reduce strain at the connector points, while the black jacket helps hide the cable in office and server-room environments. The straightforward design focuses on dependable power delivery and easy replacement of worn or missing leads.
