

# Prokord DPC-C14C132B

Data sheet

## Core Specs

|                |       |
|----------------|-------|
| Cable length   | 2 m   |
| Connector 1    | C14   |
| Connector 2    | C13   |
| Product colour | Black |

## Summary

- ✓ 2m length provides flexible reach for servers and workstation setups
- ✓ Female C14 to male C13 connectors match standard IEC power ports
- ✓ Straight connector forms reduce strain and ensure a secure fit
- ✓ Black jacket blends into racks, hides daily wear and scuffs

# Product description

## Why choose this power cable?

Prokord DPC-C14C132B power cable provides a reliable 2 m connection between standard IEC C14 inlets and C13 couplers, giving you flexibility in equipment placement. The straight, industry-standard connectors suit servers, PDUs, UPS and desktop equipment. The black finish helps keep installations neat and unobtrusive.

## DPC-C14C132B in short:

- 2 m length for flexible placement of servers, network devices and workstations.
- IEC C14 to C13 connection, compatible with common inlet types on PDUs, UPS and desktop equipment.
- Straight connector form factor for easy, secure insertion in standard power sockets.
- Black colour for discreet cable routing in racks and cabinets.
- Check your equipment inlet type before purchase to ensure compatibility.

## Practical details

The Prokord DPC-C14C132B is a simple, practical power lead that links equipment with IEC C14 inlets to power sources with C13 couplers. Its 2 m length balances reach and tidy cable management, so you can position devices without running long, exposed runs. The straight connectors match standard sockets for straightforward installation.
