- ✓ Prokord 1m power cable, ideal for short rack and desktop runs
- ✓ C14 to C13 connectors ensure broad compatibility with IT gear
- ✓ Straight black connectors reduce strain and fit tight spaces
- ✓ Durable cable provides reliable power for servers and PCs

Product description

Why choose this power cable?

Prokord DPC-C14C131B power cable Black 1 m C14 coupler C13 coupler is a compact, 1 metre IEC lead that gives a dependable power connection between equipment with a C14 inlet and a C13 coupler. It saves space in racks and workstations, reduces downtime with easy swaps, and keeps installations neat and consistent.

DPC-C14C131B power cable Black 1 m C14 coupler C13 coupler in short:

- IEC C14 to C13 power lead, ideal for short runs between UPS, PDUs, servers, and network devices.
- Straight-form connectors on both ends for simple insertion in tight or crowded panels.
- 1 m length limits cable clutter while providing practical reach for typical rack and desktop setups.
- Black finish blends with standard equipment and hides wear.
- Check that your equipment uses a C14 inlet before ordering to ensure compatibility.

Product details

The Prokord DPC-C14C131B connects devices with an IEC C14 inlet to a C13 coupler using straight molded connectors for reliable contact. The 1 m length fits common layouts where space is limited, such as rack rows or clustered workstations. The cable is designed for frequent handling and quick replacements, helping you maintain uptime with minimal fuss.
