

Desk Adjustable 140x70 cm

Data sheet

Product description

Experience a more comfortable workday with Prokord's desk!A desk with height-adjustable features allows you to easily vary your working position throughout the day. Desks with electronic height adjustment reduce strain on the back, neck, and shoulders. More activity and movement during the workday contribute to increased energy and reduced fatigue. With the desk's simple buttons, you can easily adjust the height to the desired position. You can also preprogram the desk's height in three different settings, which helps you quickly and easily get the desk in the right position. There is a three-year warranty on this product.
