- ✓ Indoor DC-powered unit with a black finish that blends with common IT setups.
- ✓ Check that you have a compatible DC power adapter or outlet before purchase.

Product description

Why choose this charging station?

Cirafon Smart Power Station 10 6xUSB-C 4xUSB-A Max 120W helps you charge and organise multiple devices from a single, compact unit. It reduces cable clutter, shortens device turnaround time with fast charging support, and keeps tablets and phones upright for easy access. The design is suited to shared environments where reliability and tidy charging are priorities.

Smart Power Station 10 6xUSB-C 4xUSB-A Max 120W in short:

- Charges up to 10 devices at once, with built-in dividers to keep devices upright and organised.
- Six USB-C ports and four USB-A ports, supporting USB Power Delivery and Quick Charge 3.0 for faster charging.
- 120W maximum output, suitable for mixed charging of phones and tablets in offices, classrooms, or service desks.
- Indoor DC-powered unit with a black finish that blends with common IT setups.
- Check that you have a compatible DC power adapter or outlet before purchase.

Main functions

The Smart Power Station provides simultaneous charging for phones and tablets while keeping devices separated and visible on its docking surface. USB Power Delivery and Quick Charge 3.0 prioritise faster charging where supported, so you can refresh mobile devices quickly during busy periods. The unit is designed for indoor use and connects to a DC power source, making it a practical choice for reception areas, meeting rooms, and device management stations.
