Product description

Why choose this port replicator?

Prokord Workplace Portreplikator Triple 4K Display 96W USB-C is a compact USB-C dock that powers your laptop with up to 96W while driving three external 4K displays, reducing desk clutter and simplifying multi-monitor setups. It adds wired Gigabit Ethernet, audio out, and multiple USB ports so you can connect peripherals and network reliably for office or hybrid work.

Prokord Workplace Portreplikator Triple 4K Display 96W USB-C in short:

- Drive up to three external 4K displays using the available DisplayPort and HDMI outputs, for flexible monitor layouts and increased screen space.
- Deliver up to 96W USB Power Delivery to charge a connected laptop while providing five USB-A and one USB-C downstream ports for peripherals.
- Built-in Gigabit Ethernet and 3.5 mm audio output give stable wired network access and headset connectivity.
- Includes AC adapter and USB-C and USB-A to USB-C cables, plus a Kensington cable lock slot, on/off switch, power LED, and rubber feet for secure, tidy setups.
- Check that your laptop's USB-C port supports video output over USB-C (DisplayPort Alt Mode) for multi-display operation.

Product overview

This Prokord dock works well where multiple monitors and reliable wired connections are essential. It combines two DisplayPort and three HDMI outputs with daisy-chaining support to expand screen area, while the 96W power delivery keeps a single-cable workspace powered and charged. You also get Gigabit Ethernet, a 3.5 mm audio output, six downstream USB ports for mice, keyboards and storage, and security and cable-management features to keep desks organised. The dock ships with the power adapter, connection cables and a manual, and is compatible with Windows, Mac, Linux and ChromeOS.
