- ✓ Fits a range of desktop setups where wall mounting is not possible.
- ✓ Check that your display's weight and VESA pattern match the mount before purchase.

Product description

Why choose this TV stand?

Prokord LDT03-18L TV mount 177.8 cm (70") STAND gives you a stable, freestanding desk solution for mounting large screens. It supports up to 70-inch displays and a 40 kg load capacity, making it suitable for meeting rooms, reception areas, and shared workspaces. The design helps simplify installation and keeps the screen at a practical viewing height.

LDT03-18L TV mount 177.8 cm (70") STAND in short:

- Freestanding desk mount for 70-inch screens, suitable for meeting rooms and digital signage.
- Rated for up to 40 kg, offering reliable support for most large TVs.
- Central mounting column and horizontal rails let you align the display for clear viewing.
- Fits a range of desktop setups where wall mounting is not possible.
- Check that your display's weight and VESA pattern match the mount before purchase.

Main functions

The LDT03-18L provides a secure desk-mounted platform that positions large screens for comfortable group viewing. The mounting rails allow for straightforward alignment of the display, and the sturdy base keeps the screen stable on a desk or counter. It supports screens up to 70 inches and up to 40 kg, so you can use it for presentations, collaborative work, or public-facing displays.
