

Prokord U/FTP-0039.5

Data sheet

Core Specs

Connector 1	RJ-45
Connector 2	RJ-45
Cable standard	Cat 6A
Cable shielding	U/FTP
Cable length	1.5 m
Jacket material	LSZH

Summary

- ✓ Cat6A performance supports 10GbE links for high bandwidth networks
- ✓ F/UTP foil shielding reduces EMI, keeps connections stable
- ✓ Slim flat design fits tight cable channels and under carpets
- ✓ LSZH jacket limits smoke and halogens, safer for indoor use
- ✓ 1.5m purple RJ-45 to RJ-45 patch cable, neat single-pack solution

Product description

Why choose this cable?

Prokord Tp-cable Slim LSZH is a slim, shielded Cat 6A Ethernet cable designed for short patch runs where space and safety matter. The LSZH jacket limits smoke and toxic gases in enclosed areas, while the F/UTP shielding helps reduce interference. It offers a tidy, flexible solution for reliable high-speed connections between switches, patch panels, and desktop devices.

Tp-cable Slim Lszh in short:

- Shielded Cat 6A cable, suitable for high-speed 10 Gbps networks over short runs.
- Slim, flexible LSZH jacket in purple, useful for color-coded, space-conscious installations.
- Male-to-male RJ-45 connectors with molded boots for secure, snag-resistant connections.
- 1.5 m length, ideal for patching between devices and switch ports in racks or workstations.
- Consider that shielded cable performs best with compatible shielded connectors and grounded infrastructure.

Prokord Tp-cable Slim LSZH

This Prokord cable is built for practical network patching. The 1.5 m length keeps connections tidy without excess cable, and the slim profile fits neatly through cable management channels and crowded panels. The LSZH jacket reduces risk in confined environments like meeting rooms and comms closets. With F/UTP shielding and shielded RJ-45 plugs, the cable helps limit electromagnetic interference so your connected devices maintain stable data transfer. One cable is supplied per pack.

Technical Specification Matrix
