

Cable Power 3-pin - Laptop Straight 5.0m5m CEE7/7 C5 Black

Data sheet

Summary

- ✓ CEE7/7 (Schuko) to IEC C5 connection, suitable for laptop power bricks, projectors and compact adapters.
- ✓ 5 m length for flexible equipment placement away from wall sockets.
- ✓ Straight-form male and female connectors for easy insertion and removal.
- ✓ Black finish blends with typical IT setups and cabling.
- ✓ Consideration: designed for countries using CEE7/7 mains, so check outlet compatibility before purchase.

Product description

Why choose this power cable?

Prokord DPC-SHUC55B power cable black 5 m CEE7/7 C5 coupler gives a reliable link between European mains and devices with an IEC C5 inlet. The extended 5 m length reduces the need for additional extension leads and helps position equipment more flexibly. It is a practical choice for meeting rooms, service carts and workstations where a standard, grounded power lead is required.

DPC-SHUC55B in short:

- CEE7/7 (Schuko) to IEC C5 connection, suitable for laptop power bricks, projectors and compact adapters.
- 5 m length for flexible equipment placement away from wall sockets.
- Straight-form male and female connectors for easy insertion and removal.
- Black finish blends with typical IT setups and cabling.
- Consideration: designed for countries using CEE7/7 mains, so check outlet compatibility before purchase.

Practical use and compatibility

The Prokord DPC-SHUC55B is a simple mains lead that pairs an IEC C5 device inlet with a grounded CEE7/7 wall plug. Its length and connector types make it useful when you need to move power adapters or devices a short distance from the outlet, for example in conference rooms or portable AV setups. The straight connectors provide a secure fit while permitting quick disconnection when needed.
