

Prokord DPC-SHUC1310B

Data sheet

Core Specs

Cable length	10 m
Connector 1	CEE7/7
Connector 2	C13
Product colour	Black

Summary

- ✓ 10m length gives flexible placement for servers and workstations
- ✓ CEE7/7 to C13 connection fits standard European sockets and IT gear
- ✓ Black jacket blends into server rooms for a tidy cable layout
- ✓ Straight, moulded connectors minimise strain and ease routing
- ✓ Made by Prokord, suited for business IT environments

Product description

Why choose this power cable?

Prokord DPC-SHUC1310B power cable delivers a dependable, long-reach connection between European mains outlets and IEC C13-equipped IT equipment. The 10 m length gives you flexibility to place servers, UPS units, and workstations where they fit best. Straight, moulded connectors simplify routing and reduce the chance of accidental disconnection.

DPC-SHUC1310B power cable in short:

- 10 m length for flexible placement of racks, workstations, and AV equipment
- CEE7/7 mains plug to IEC C13 coupler, compatible with standard European IT power inlets
- Straight connectors and reinforced moulding for secure connections and frequent handling
- Black finish keeps cable runs discreet in offices and data cabinets
- Consideration: check local mains socket types if you operate outside countries using CEE7/7

Prokord DPC-SHUC1310B power cable

This Prokord cable connects a CEE7/7 mains plug to an IEC C13 inlet to supply power to PCs, monitors, UPS systems, and servers. The straight male plug and IEC C13 coupler are designed for secure seating and easy insertion. A robust outer jacket and strain-relieved ends help withstand daily use, while the 10 m length reduces the need for extra extensions. Use it when you need a simple, single-cable solution for distant power outlets.
