Product description

Why choose this mobile phone screen protector?

Cirafon CG-ASOD-SMS23 clear tempered glass protector for Samsung Galaxy S23 provides practical everyday protection against scratches and minor impacts while preserving screen clarity and touch responsiveness. It reduces fingerprints and keeps the display looking clean, so you can use your phone normally without changing touch accuracy or the handset's appearance.

CG-ASOD-SMS23 in short:

- Clear tempered glass made for Samsung Galaxy S23, keeping the display sharp and readable
- Anti-smudge surface reduces fingerprints for a cleaner screen and easier maintenance
- Preserves touch sensitivity for accurate input during calls, typing, and apps
- Scratch and impact resistant for reliable daily protection
- Slim profile maintains the phone's original look and fits with cases and docks

Product details

Cirafon CG-ASOD-SMS23 shields the Galaxy S23 display with tempered glass that keeps high transparency and responsive touch. The anti-smudge coating reduces everyday marks and makes cleaning quick and simple. Installation is straightforward, and the slim design adds protection without bulk, so the phone's original feel and usability remain intact.
