

Prokord DPC-SHUC1305W

Data sheet

Core Specs

Cable length	0.5 m
Connector 1	CEE7/7
Connector 2	C13
Product colour	White

Summary

- ✓ Compact 0.5m length keeps power leads tidy and reduces clutter
- ✓ White finish blends with light-coloured equipment and interiors
- ✓ CEE7/7 to IEC C13 link connects standard mains to IEC inlets
- ✓ Straight IEC C13 female plug allows easy insertion and removal
- ✓ From Prokord, a practical choice for professional IT setups

Product description

Why choose this power cable?

DPC-SHUC1305W Prokord is a 0.5 m power cable that helps you keep short-distance connections tidy and reliable. It links European CEE7/7 mains outlets to IEC C13 devices, making it suitable for desktops, monitors, small servers, and power strips. The white finish blends with light-coloured equipment and reduces visible cable clutter.

DPC-SHUC1305W in short:

- Short 0.5 m length, ideal for neat desk and rack setups.
- CEE7/7 male to IEC C13 female, compatible with many PCs, monitors, and printers.
- Straight C13 connector for low-profile connections in tight spaces.
- White colour for minimal visual impact in light interiors.
- Check that the 0.5 m length fits your routing before purchase.

Product details

Use the DPC-SHUC1305W when you need a compact, unobtrusive mains lead for IT equipment. It features a male CEE7/7 plug and a straight female IEC C13 connector, acting as a simple replacement or patch cable for devices with an IEC C13 inlet. The short length and white jacket make it practical for tidy installations where excess cable would be a drawback.
