

Prokord DPC-SHUC135BA

Data sheet

Core Specs

Cable length	5 m
Connector 1	CEE7/7
Connector 2	C13
Product colour	Black

Summary

- ✓ 5m length offers flexible placement for servers, workstations, and racks
- ✓ C13 connector fits common servers, UPS units and desktop power inlets
- ✓ CEE7/7 angled plug saves space and eases cable routing behind desks
- ✓ Male-to-male configuration provides standard power delivery for IT gear
- ✓ Black finish keeps installations neat and blends with existing cabling

Product description

Why choose this power cord?

Prokord Power Cord PC Power C13 Output 5.0M gives a reliable five-metre connection between European mains and equipment with an IEC C13 inlet. It helps you position devices further from wall outlets, reduces the need for additional extensions, and provides a durable, low-profile cable that suits office, lab, and rack environments.

Power Cord PC Power C13 Output 5.0M in short:

- 5 m length for flexible equipment placement and fewer extension leads
- CEE7/7 angled mains plug for a secure fit in European sockets
- Straight IEC C13 connector for servers, monitors, and power supplies
- Black cable that blends with equipment and hides dirt
- Consider routing and strain relief when running long cable runs

Product details

The Prokord Power Cord PC Power C13 Output 5.0M pairs a CEE7/7 angled mains plug with a straight IEC C13 connector to power devices that accept a C13 inlet. The extra length is useful for rearranging workstations or locating equipment away from the nearest outlet. The molded connectors and black jacket are designed for everyday use and straightforward installation.
