- ✓ Supports up to 7680 x 4320 resolution for 8K displays
- ✓ USB-C to USB-C connectors, fits modern laptops and docks
- ✓ USB Power Delivery up to 100W charges laptops and devices
- ✓ Prokord black 2m cable, single pack for easy deployment

Product description

Why choose this cable?

Prokord THUNDERBOLT 3 CERTIFIED 2.0M BLACK ACTIVE gives you a single, reliable connection for video, data, and power. The Thunderbolt 3 certification and active design keep signal quality over a 2 m run, while USB Power Delivery up to 100 W lets you charge compatible laptops and power peripherals without extra adapters.

THUNDERBOLT 3 CERTIFIED 2.0M BLACK ACTIVE in short:

- Thunderbolt 3 certified for high-bandwidth connections between compatible hosts and devices.
- Handles video up to 7680 x 4320 pixels, suitable for high-resolution displays.
- USB Power Delivery up to 100 W for charging laptops and powering accessories.
- Active 2 m length maintains signal integrity for setups with distance between devices.
- USB-C to USB-C plug, black finish, 1 piece per pack; ensure your device supports Thunderbolt 3 for full performance.

Main functions

Prokord THUNDERBOLT 3 CERTIFIED 2.0M BLACK ACTIVE connects USB-C devices using the Thunderbolt 3 standard to deliver video, data, and power over one cable. It supports very high display resolutions and provides up to 100 W charging via USB Power Delivery. The active electronics are designed to preserve performance across the 2 m length, making the cable suitable for docking stations, external storage, displays, and charging in typical workspace layouts.
