Data sheet

Product description

Optimized Shipping Label Solution by RL Gruppen

Upgrade your mailing efficiency with RL Gruppen's Shipping Label STE DT, a premium thermal solution designed for both business and home consumer use. These labels measure 102X152mm, offering ample space for all necessary details.

Precision and Compatibility

The RL Gruppen TR029T model boasts precise print quality suitable for a variety of thermal printers. These fanfold labels ensure seamless integration into your existing print setup, providing a hassle-free labeling experience.

Bulk Convenience

This pack contains 2000 fanfold labels, guaranteeing a long-term supply for high-volume shippers. Opt for RL Gruppen's bulk shipping labels to enhance your operational productivity and reduce the need for frequent reordering.

Durable and Reliable

Constructed for durability, these thermal labels withstand the rigors of shipping and handling. Rest assured that your information stays intact and legible from departure to delivery.

Ease of Use

Experience user-friendly printing with RL Gruppen's Shipping Label STE DT. Each label peels off smoothly for quick application, which makes them an ideal choice for businesses and consumers seeking efficiency.
