

Prokord PUK-CAT6-2-BL

Data sheet

Core Specs

Connector 1	RJ-45
Connector 2	RJ-45
Cable standard	Cat 6
Cable shielding	U/UTP (UTP)
Cable length	2 m

Summary

- ✓ Right-angle flexible RJ45 boots save desk space, ease tight bends
- ✓ Cat 6 U/UTP cable delivers reliable high-speed performance for LANs
- ✓ 2m length keeps patch runs tidy between switch and workstation
- ✓ Blue round jacket enables easy colour-coding, neat cable routing

Product description

Why choose this patch cable?

Prokord Ethernet Cat.6 Patch Cable Bendable RJ45 2M Blue provides a reliable 2 m connection for office and rack setups. Its low-profile, right-angle RJ45 plugs ease routing in confined spaces and reduce strain on ports. The Cat 6 construction supports consistent network performance while the blue jacket simplifies identification and organisation in patch panels and workstations.

Ethernet Cat.6 Patch Cable Bendable Rj45 2M BI in short:

- Right-angle, bendable RJ45 plugs for neat connections in tight spaces.
- Cat 6 U/UTP cable for reliable Ethernet links and consistent data transfer.
- 2 m length and round jacket, suitable for desk-to-switch and patch-panel runs.
- Unshielded design fits standard office environments, consider shielded cable if electromagnetic interference is a concern.
- Supplied as a single unit for quick replacement or targeted installs.

Ethernet Cat.6 Patch Cable Bendable Rj45 2M BI

Prokord’s cable connects devices via standard male RJ45 connectors and is built for everyday network tasks. The angled plug profile helps protect the latch and keeps the connector close to equipment surfaces, which is useful behind desks and in dense patch panels. The U/UTP construction keeps the cable flexible and easy to route while the blue colour aids fast visual identification during installation and maintenance.
