

Prokord PUK-CAT6-5-BL

Data sheet

Core Specs

Connector 1	RJ-45
Connector 2	RJ-45
Cable standard	Cat 6
Cable shielding	U/UTP (UTP)
Cable length	5 m

Summary

- ✓ Cat 6 performance delivers fast, reliable network links
- ✓ Bendable RJ45 boots reduce strain and fit tight patch panels
- ✓ 5m length reaches from desk to switch without extra joins
- ✓ Blue round jacket simplifies identification and cable management
- ✓ Unshielded U/UTP build keeps cable flexible for neat routing

Product description

Why choose this patch cable?

Ethernet Cat.6 Patch Cable Bendable RJ45 5M Blue, Prokord gives dependable Cat6 performance in a compact, easy-to-route form. The bendable, low-profile RJ45 boots simplify connections in tight spaces behind racks and furniture. Use it to keep cabling tidy while maintaining reliable gigabit network links over a standard 5 metre run.

Ethernet Cat.6 Patch Cable Bendable Rj45 5M BI in short:

- Cat6 performance for stable gigabit Ethernet connections on local networks.
- Bendable, low-profile RJ45 boots make routing behind wall plates, switches, and furniture easier.
- Unshielded round cable (UTP) suited to typical office and home environments.
- 5 metre length ideal for patching between wall outlet and switch or patch panel.
- Blue colour for quick visual identification; single cable per pack.

Ethernet Cat.6 Patch Cable Bendable Rj45 5M BI

This Prokord cable connects network devices with male RJ-45 plugs on both ends and keeps links reliable over a 5 m distance. The flexible, rounded jacket and angled boots reduce stress at the connectors and prevent the latch from catching when plugging into tight ports. Note that the cable is unshielded, so for areas with strong electromagnetic interference you should consider a shielded alternative.
