

Prokord PUK-CAT6-8-BL

Data sheet

Core Specs

Connector 1	RJ-45
Connector 2	RJ-45
Cable standard	Cat 6
Cable shielding	U/UTP (UTP)
Cable length	8 m

Summary

- ✓ Cat6 cable delivers reliable gigabit networking for office and rack use
- ✓ Flexible, bendable RJ45 boots fit tight ports and reduce strain
- ✓ 8m length provides reach across desks, racks and meeting rooms
- ✓ Blue round U/UTP cable simplifies colour coding for neat installs
- ✓ Unshielded connectors lower cost, ideal for standard office cabling

Product description

Why choose this patch cable?

Prokord Ethernet Cat.6 Patch Cable Bendable RJ45 8M Blue provides a reliable wired connection for switches, routers and wall outlets while keeping cabling neat and easy to manage. The bendable, low-profile RJ-45 boots help route the cable in tight spaces. The Cat 6 U/UTP construction balances performance and cost for common office and data room networks.

Ethernet Cat.6 Patch Cable Bendable Rj45 8M BI in short:

- Cat 6 unshielded (U/UTP) patch cable, suitable for high-speed Ethernet including Gigabit links.
- Bendable, right-angle RJ-45 connectors with flexible boots, made for tight racks and wall-mounted devices.
- 8 m length, useful for connecting equipment across medium distances without extra patching.
- Round, blue cable for clear identification in bundles and easier routing.
- Check port orientation on your devices if you need a low-profile connector to fit behind furniture or panels.

Product details

Prokord Ethernet Cat.6 Patch Cable Bendable RJ45 8M Blue connects network devices with a focus on practical installation. The round cable and flexible boots make it simple to run along shelving, through cable trays and behind racks. Because it is unshielded Cat 6, it is a cost-effective choice for standard office and data room environments where shielded cable is not required. The single-pack format is convenient when you need an individual replacement or spare.
