

Prokord PUK-CAT6-01-B

Data sheet

Core Specs

Connector 1	RJ-45
Connector 2	RJ-45
Cable standard	Cat 6
Cable shielding	U/UTP (UTP)
Cable length	0.1 m

Summary

- ✓ Compact 0.1m length keeps connections neat between adjacent ports
- ✓ Bendable right-angle RJ45 plugs reduce strain on stacked ports
- ✓ Unshielded Cat6 U/UTP supports reliable gigabit links on short runs
- ✓ Slim curved boots protect the clip, fit tight port spacing
- ✓ Black round cable keeps racks and desks tidy in indoor setups

Product description

Why choose this Ethernet patch cable?

Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 0.1M is a compact, flexible Cat6 patch cable that supports gigabit connections over very short runs. Its slim, bendable 90-degree RJ-45 plugs let you route connections close to panels and reduce strain on stacked ports. The unshielded round cable keeps cabling tidy for racks, switches, and workstations in indoor setups.

Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 0.1M in short:

- 0.1 m length for neat, clutter-free connections between adjacent ports.
- Bendable right-angle RJ-45 plugs with low-profile latch guards, suited to tight port spacing.
- Unshielded Cat6 (U/UTP) for reliable gigabit links on short indoor runs.
- Black round cable and slim boots blend into racks and desks for improved cable management.
- Note: designed for short indoor connections, not suitable for outdoor or long-distance use.

Product details

Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 0.1M has male-to-male RJ-45 connectors with curved 90-degree boots that protect the clip and allow tight bends near panels. The short, flexible U/UTP cable is ideal for patching adjacent ports, linking nearby switches, or tidying connections on crowded desks and patch panels. It is supplied as a single unit and intended for indoor network installations where space and cable routing matter.
