

Prokord PUK-CAT6-03-B

Data sheet

Core Specs

Connector 1	RJ-45
Connector 2	RJ-45
Cable standard	Cat 6
Cable shielding	U/UTP (UTP)
Cable length	0.3 m

Summary

- ✓ Cat6 performance for reliable short, high-speed patch connections
- ✓ 0.3 m length keeps cabling neat between adjacent ports in crowded racks
- ✓ Bendable right-angle RJ45 reduces strain and fits tight spaces easily
- ✓ U/UTP unshielded design maintains signal quality for short indoor links
- ✓ Black round cable stays flexible and blends into racks and desks

Product description

Why choose this patch cable?

Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 0.3M provides Cat6 performance in a compact, flexible form. The 0.3 m round cable and bendable right-angle RJ45 connectors make routing simple in tight racks or behind wall-mounted devices. U/UTP construction helps preserve signal quality for short, high-speed links while the low-profile black jacket keeps installations tidy.

Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 0.3M in short:

- Cat6 performance for short, high-speed links between switches, patch panels, and network ports
- 0.3 m length ideal for patching in crowded racks or directly between adjacent ports
- Bendable right-angle RJ45 connectors reduce strain and allow neat, low-profile routing
- Black, round cable blends into rack and workstation environments and stays flexible during installation
- Not suitable for long-distance runs or unprotected outdoor use

Product details

The Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 0.3M is a single-pack, male-to-male patch cable designed for short indoor links where space is limited. Its U/UTP (unshielded) construction meets Cat6 standards and supports consistent data transfer in typical network environments. Right-angle connector bodies with flexible strain relief make insertion and removal easier in tight positions, helping protect ports and maintain a neat installation.
