

Prokord PUK-CAT6-2-B

Data sheet

Core Specs

Connector 1	RJ-45
Connector 2	RJ-45
Cable standard	Cat 6
Cable shielding	U/UTP (UTP)
Cable length	2 m

Summary

- ✓ Cat6 U/UTP construction supports reliable Gigabit connections
- ✓ Flexible round jacket and bendable plugs simplify tight routing
- ✓ 2m length fits desk to patch panel and short office runs
- ✓ Low-profile RJ45 plugs tuck into crowded ports and racks
- ✓ Single pack offers an easy spare for maintenance or upgrades

Product description

Why choose this ethernet cable?

Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 2M BI delivers reliable, high-speed connectivity for everyday network setups. The Cat 6 standard and U/UTP construction support stable data transmission with reduced crosstalk. Its bendable, right-angle connectors and round, black cable make installation and routing simple in confined spaces and dense patch panels.

Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 2M BI in short:

- Bendable right-angle RJ-45 connectors for easy access to tight ports and wall plates.
- Cat 6 performance, suitable for Gigabit Ethernet and common office networks.
- U/UTP unshielded construction and round cable for flexible routing in racks and desks.
- 2 m length in black gives a discreet, tidy connection between switches, patch panels, and devices.
- Consider that the unshielded design and 2 m length are not intended for electrically noisy environments or long cable runs.

Product details

This Prokord patch cable connects two RJ-45 ports quickly and reliably. The flexible cable and low-profile connector boots let you route the cable behind equipment and through tight gaps without stressing the plug. Both ends are male RJ-45, so installation is plug-and-play with switches, routers, patch panels, and endpoints. The simple, durable design helps keep your cabling tidy while providing consistent network links for everyday use.
