

Prokord PUK-CAT6-3-B

Data sheet

Core Specs

Connector 1	RJ-45
Connector 2	RJ-45
Cable standard	Cat 6
Cable shielding	U/UTP (UTP)
Cable length	3 m

Summary

- ✓ Cat 6 rated for stable Gigabit Ethernet in office and data rooms
- ✓ Bendable angled RJ-45 boots simplify routing in racks and behind desks
- ✓ 3 m length gives mid-range placement without excess cabling
- ✓ Unshielded U/UTP design suits typical indoor structured cabling
- ✓ Slim round black jacket keeps installations tidy and low profile

Product description

Why choose this Ethernet cable?

Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 3M BI provides Cat6-grade performance in a flexible, low-profile design. It simplifies routing in crowded racks and behind desks with angled, bend-friendly connector boots. The 3 m length and black finish keep installations neat while maintaining stable Gigabit-capable links.

Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 3M BI in short:

- Cat 6 cable suited for reliable Gigabit Ethernet connections in offices and data rooms.
- Angled, bendable RJ-45 boots make routing behind switches, patch panels, and wall sockets easier.
- 3 m length offers mid-range placement flexibility without excess cable.
- Unshielded U/UTP construction with male RJ-45 connectors for standard indoor deployments.
- Consideration: not intended for outdoor or weather-exposed use, and the length is fixed at 3 m.

Product details

Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 3M BI connects network devices using male RJ-45 plugs on both ends. The round, flexible jacket and low-profile right-angle boots reduce strain on connectors and simplify routing in cramped racks and behind desks. Use it to link switches, patch panels, wall sockets, and desktop systems while keeping cabling tidy. The unshielded U/UTP design is intended for indoor structured cabling and typical office environments, and the cable is supplied as a single unit.
