

Prokord PUK-CAT6-5-B

Data sheet

Core Specs

Connector 1	RJ-45
Connector 2	RJ-45
Cable standard	Cat 6
Cable shielding	U/UTP (UTP)
Cable length	5 m

Summary

- ✓ Bendable low-profile RJ45 plugs route cables in tight rack spaces
- ✓ Cat6 U/UTP construction keeps gigabit transfers stable and consistent
- ✓ 5 m length gives reach without excess slack for neater setups
- ✓ Molded boots and reinforced strain relief cut connector wear during moves
- ✓ Unshielded design is lightweight and suited for indoor office networks

Product description

Why choose this Ethernet patch cable?

Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 5M BI gives reliable wired connectivity with a flexible connector design. The bendable, low-profile RJ-45 plugs let you route cables around desks and patch panels with less strain. Cat6 with U/UTP construction supports stable gigabit transfers, and the 5 m length provides reach without excess slack for neater installations.

Prokord Ethernet Cat.6 Patch Cable Bendable Rj45 5M BI in short:

- Bendable, low-profile RJ-45 plugs for tight spaces and neater routing.
- Cat6 U/UTP design to reduce crosstalk and support consistent gigabit performance.
- 5 m length balances reach and tidy cable management at workstations and racks.
- Round black jacket with molded boots and reinforced strain relief for frequent re-routing.
- Intended for indoor use, not suitable for outdoor installations or networks that require shielded cabling.

Product details

The Prokord cable features right-angle, bendable RJ-45 connectors with molded boots that reduce stress at the plug during routing and frequent moves. The round, flexible jacket makes it easy to run the cable through rack panels, under desks, and behind equipment. The unshielded U/UTP construction and Cat6 rating are intended for indoor gigabit networks. Pack contains one 5 m male-to-male cable suitable for office, server room, and home workspace networks.
