

Thunderbolt 3 Certified 2.0m Active Black#2m USB-C USB-C

Data sheet

Summary

- ✓ Charge laptops and devices with USB Power Delivery up to 100W for sustained workstation use.
- ✓ Carry video and audio to displays at resolutions up to 7680 x 4320 pixels and 60Hz for high-resolution monitors and TVs.
- ✓ Compatible with Thunderbolt 3 hosts for high-speed data and video workflows when both devices support Thunderbolt 3.
- ✓ Two metre round cable in black provides reach and easier cable routing without sacrificing durability.
- ✓ Check device compatibility, since full 100W charging, 8K display support, and Thunderbolt 3 features require matching host and peripheral support.

Product description

Why choose this USB-C cable?

Prokord T3CC-20# USB cable 2 m USB C Black is a versatile accessory that combines reliable power delivery, video support, and a flexible length for modern workspaces. It lets you charge compatible laptops up to 100W, connect high-resolution displays, and position devices further from ports while keeping setup simple and plug and play.

T3CC-20# USB cable 2 m USB C Black in short:

- Charge laptops and devices with USB Power Delivery up to 100W for sustained workstation use.
- Carry video and audio to displays at resolutions up to 7680 x 4320 pixels and 60Hz for high-resolution monitors and TVs.
- Compatible with Thunderbolt 3 hosts for high-speed data and video workflows when both devices support Thunderbolt 3.
- Two metre round cable in black provides reach and easier cable routing without sacrificing durability.
- Check device compatibility, since full 100W charging, 8K display support, and Thunderbolt 3 features require matching host and peripheral support.

Product details

The T3CC-20# USB cable 2 m USB C Black by Prokord is a male-to-male USB-C cable designed for mixed charging, display, and data use. Its USB Power Delivery capability supports higher-power charging for laptops and peripherals, while Thunderbolt 3 compatibility enables faster data and video transfer when both ends support the protocol. The round cable construction and two metre length make it practical for desktop setups and meeting-room connections, and the plug-and-play design keeps installation straightforward.
