

## Sync/charge Cable Am To Cm 1.3m - White1.3m White

Data sheet

### Summary

- ✓ USB-A to USB-C cable for charging and syncing smartphones, tablets, power banks, and USB-C accessories.
- ✓ 1.3 m length gives enough reach for desk setups and in-car charging without excess cable clutter.
- ✓ TPE jacket and molded strain relief provide flexibility and reduce wear from daily handling.
- ✓ Supports USB 2.0 data speeds up to 480 Mbit/s and delivers up to 5V/3A charging, with USB Power Delivery up to 18W.
- ✓ Consider that USB 2.0 limits data throughput and power delivery to 18W, so it is not suited for higher-wattage fast charging.

# Product description

## Why choose this cable?

Cirafon CF-AC-TPE-1.3-W lightning cable 1.3 m White is a practical USB-A to USB-C lead that gives reliable charging and data transfer between older USB-A hosts and modern USB-C devices. It balances reach and portability for desks or mobile use, while the TPE jacket improves flexibility and everyday durability.

## CF-AC-TPE-1.3-W in short:

- USB-A to USB-C cable for charging and syncing smartphones, tablets, power banks, and USB-C accessories.
- 1.3 m length gives enough reach for desk setups and in-car charging without excess cable clutter.
- TPE jacket and molded strain relief provide flexibility and reduce wear from daily handling.
- Supports USB 2.0 data speeds up to 480 Mbit/s and delivers up to 5V/3A charging, with USB Power Delivery up to 18W.
- Consider that USB 2.0 limits data throughput and power delivery to 18W, so it is not suited for higher-wattage fast charging.

## Product details

The CF-AC-TPE-1.3-W pairs straight male USB-A and straight male USB-C connectors for simple plug-and-play use. The cable carries USB 2.0 data at up to 480 Mbit/s and supports 5V/3A charging, allowing up to 18W with USB Power Delivery for compatible devices. A thermoplastic elastomer jacket and reinforced connector ends help resist kinks and everyday wear, while the white finish keeps a neutral appearance in most environments.
