

Sync/charge cable 2m USB-A USB-C Black

Data sheet

Summary

- ✓ Charge and sync between USB-A hosts and USB-C devices, with USB Power Delivery up to 15W and data transfers up to 480 Mbit/s.
- ✓ Two-metre length provides flexible device placement across desks, meeting rooms, or workstations.
- ✓ TPE jacket and nickel-plated contacts resist wear and bending for frequent daily use.
- ✓ Straight, male-to-male connectors in black for a discreet, professional appearance.
- ✓ Note: USB 2.0 limits transfer speed and power compared with newer USB standards; consider higher power or faster cables if needed.

Product description

Why choose this sync/charge cable?

Cirafon 2m USB-A to USB-C cable offers a simple, reliable way to charge and sync USB-C devices from USB-A ports. It gives you extra reach for desktop and charging setups, supports moderate power delivery for everyday devices, and has a flexible TPE jacket with durable connector plating for regular use.

Cirafon 2m USB-A to USB-C cable in short:

- Charge and sync between USB-A hosts and USB-C devices, with USB Power Delivery up to 15W and data transfers up to 480 Mbit/s.
- Two-metre length provides flexible device placement across desks, meeting rooms, or workstations.
- TPE jacket and nickel-plated contacts resist wear and bending for frequent daily use.
- Straight, male-to-male connectors in black for a discreet, professional appearance.
- Note: USB 2.0 limits transfer speed and power compared with newer USB standards; consider higher power or faster cables if needed.

Product details

Cirafon 2m USB-A to USB-C cable lets you connect phones, tablets, and peripherals to older USB-A chargers, power banks, or computers. It supports file sync at USB 2.0 speeds, so it is well suited for photo transfers, backups, and routine device management. The 15W power delivery handles typical charging needs for many small devices, while the TPE jacket keeps the cable flexible and easy to route. Nickel-plated connector contacts help maintain a consistent connection and reduce corrosion over time.

Technical Specification Matrix

Header

Manufacturer	Cirafon
--------------	---------

Features

Max data transfer rate	480 Mbit/s
Cable length	2 m
USB version	USB 2.0
Connector 1	USB-A
