

Privacy Filter 43" 952x535 Mm 16:9 43" 16:9

Data sheet

Summary

- ✓ Limits side viewing to 60 degrees, keeping sensitive content visible only to the person in front of the screen.
- ✓ Reduces blue light and glare to help ease eye fatigue during long work sessions.
- ✓ Scratch-resistant and fingerprint-resistant finish for cleaner, longer-lasting use.
- ✓ Easy to apply and remove, suitable for hot-desking and shared workstations.
- ✓ Designed for 43" 16:9 LCD screens, compatible with a viewing area of 952 x 535 mm.

Product description

Why choose this frameless display privacy filter?

Cirafon DFA43-9 Frameless display privacy filter 109.2 cm (43") helps protect on-screen information in open workspaces while reducing glare and blue light. It is easy to apply and remove, resists scratches and fingerprints, and keeps your display clearer over time. The filter balances privacy with comfortable viewing for the user, helping reduce distractions and eye strain in shared environments.

DFA43-9 Frameless display privacy filter 109.2 cm (43") in short:

- Limits side viewing to 60 degrees, keeping sensitive content visible only to the person in front of the screen.
- Reduces blue light and glare to help ease eye fatigue during long work sessions.
- Scratch-resistant and fingerprint-resistant finish for cleaner, longer-lasting use.
- Easy to apply and remove, suitable for hot-desking and shared workstations.
- Designed for 43" 16:9 LCD screens, compatible with a viewing area of 952 x 535 mm.

Product details

The DFA43-9 fits 43-inch LCD monitors with a 16:9 aspect ratio and covers a screen area of 952 x 535 mm. Its frameless design sits close to the display for a low-profile look. Anti-blue light, anti-glare, and anti-fingerprint treatments improve comfort and maintenance, while the 60-degree privacy filter limits side visibility to protect on-screen information in public or open-plan settings.
