

Prokord DPC-SHUC132BA

Data sheet

Core Specs

Cable length	2 m
Connector 1	CEE7/7
Connector 2	C13
Product colour	Black

Summary

- ✓ 2m length offers extra reach for flexible device and outlet placement
- ✓ Angled CEE7/7 plug fits tight wall sockets, reduces strain on cable
- ✓ Straight C13 connector links directly to standard IT power inlets
- ✓ Black jacket blends into racks and office setups for a neat look
- ✓ Prokord manufacture simplifies procurement and ongoing supply management

Product description

Why choose this power cable?

Prokord DPC-SHUC132BA power cable Black 2 m CEE7/7 C13 coupler helps you supply reliable mains power to IT equipment while saving space behind furniture or racks. The angled CEE7/7 plug reduces stress on wall sockets and cabinets, while the straight C13 coupler provides a secure connection to servers, monitors, UPS units, and other devices with IEC C13 inlets.

DPC-SHUC132BA power cable Black 2 m CEE7/7 C13 coupler in short:

- Angled CEE7/7 plug for low-profile routing where space is limited.
- Straight IEC C13 coupler for common PC, monitor, UPS, and PDU inlets.
- 2 m length gives flexible placement between outlet and equipment.
- Black finish blends with standard server and workstation setups.
- Check that your device has an IEC C13 inlet and that CEE7/7 meets your regional mains socket requirements.

Prokord DPC-SHUC132BA power cable Black 2 m CEE7/7 C13 coupler

This cable connects European mains outlets using a CEE7/7 plug to equipment with an IEC C13 inlet. The two metre length offers room to position devices away from the wall without stretching the cable. The angled mains plug sits close to the wall or rack, reducing protrusion and helping with tidy cable runs. The straight IEC C13 end fits standard power supplies and PDUs, making this cable a practical replacement or spare for desks, server cabinets, and office equipment.
