

Prokord DPC-SHUC133BAA

Data sheet

Core Specs

Cable length	3 m
Connector 1	CEE7/7
Connector 2	C13
Product colour	Black

Summary

- ✓ 3m length provides flexible reach for racks and desktop layouts
- ✓ Angled CEE7/7 plug fits tight outlets, saves space behind cabinets
- ✓ Straight C13 coupler connects seamlessly to servers, UPS and PDUs
- ✓ Black finish blends with IT equipment for a neat, professional look
- ✓ Made by Prokord for reliable performance in business installations

Product description

Why choose this power cable?

Prokord DPC-SHUC133BAA power cable provides a reliable connection between European mains sockets and equipment with an IEC C14 inlet. The 3 m black cable gives room to place PCs, servers, or monitors away from the wall. The angled CEE7/7 plug reduces strain and improves access in tight spaces, while the straight IEC C13 coupler fits common power inlets for IT equipment.

DPC-SHUC133BAA power cable Black 3 m CEE7/7 C13 coupler in short:

- Angled CEE7/7 (male) plug to straight IEC C13 (female) coupler, for standard European mains to IEC-equipped devices.
- 3 m length lets you position equipment further from the wall without extra extensions.
- Right-angle plug reduces space behind desks and rack-mounted equipment.
- Black colour keeps a low profile and fits common IT cabling.
- Check that your wall outlet accepts CEE7/7 plugs before purchase.

Product details

Prokord DPC-SHUC133BAA power cable uses a grounded CEE7/7 plug and a straight IEC C13 coupler to deliver mains power to devices with an IEC C14 inlet. The cable is practical for desktops, monitors, servers, UPS units and printers where a secure, grounded connection and tidy cabling are important. The angled plug and 3 m length make routing simpler in confined or hard-to-reach spaces.
