

Prokord DPC-C73B

Data sheet

Core Specs

Cable length	3 m
Connector 1	CEE7/16
Connector 2	C7
Product colour	Black

Summary

- ✓ Secure straight CEE7/16 to C7 connection minimizes loose contacts
- ✓ 3m length gives flexible placement in office and rack setups
- ✓ Black finish blends into workspaces and reduces visual clutter
- ✓ Straight male and female plugs simplify installation and swaps
- ✓ Suited for low-voltage IT and AV devices, reliable daily use

Product description

Why choose this power cable?

Prokord Cable Power 2-Pin - Straight 3.0m Black provides a reliable connection between European two-pin mains outlets and devices with a figure-8 (C7) inlet. The straight CEE7/16 plug and straight C7 coupler keep connections secure, while the 3.0 m length gives flexibility for desks, racks, and AV setups.

Cable Power 2-Pin - Straight 3.0m Black in short:

- Connects Euro two-pin (CEE7/16) sockets to figure-8 (C7) devices, suitable for power bricks, monitors, small printers, and AV equipment.
- 3.0 m length offers extra reach for workstations, meeting rooms, and behind-cabinet installations.
- Straight male and female connectors provide a compact, secure fit and straightforward routing.
- Black finish integrates with common office and IT environments for tidy cable management.
- Note: This is an ungrounded figure-8 cable, so it is not suitable for equipment that requires an earth connection.

Product details

Prokord Cable Power 2-Pin - Straight 3.0m Black is a practical replacement or spare lead for indoor electronic equipment with a C7 inlet. It is intended for standard office and AV use, where a longer reach and a neat, straight connector profile improve installation flexibility. Verify your device’s grounding requirements before use.
