

# Prokord DPC-C75B

Data sheet

## Core Specs

|                |         |
|----------------|---------|
| Cable length   | 5 m     |
| Connector 1    | CEE7/16 |
| Connector 2    | C7      |
| Product colour | Black   |

## Summary

- ✓ 5m length reaches distant sockets, reduces need for extra adapters
- ✓ Europlug to figure-8 connector fits common laptops, monitors and AV
- ✓ Straight molded connectors ensure a secure fit and simple handling
- ✓ Black jacket blends into racks and desks, keeping cabling neat
- ✓ Manufactured by Prokord, compatible with standard office power sockets

# Product description

## Why choose this power cable?

Prokord Power Cable provides a reliable connection from European mains outlets to devices with a figure-8 inlet. The 5 m length lets you place equipment farther from the wall without extra extenders. Its black, straight connectors give a tidy, low-profile fit and consistent power delivery for everyday IT and AV setups.

## Prokord Power Cable in short:

- 5 m length for flexible device placement and cleaner cable routing
- CEE7/16 (Europlug) male to C7 (figure-8) female, for devices with a C7 inlet
- Black colour and straight connectors for low-profile, neat installation
- Suited for external power adapters, small AV equipment, printers, and chargers
- Purchase note: fits only devices with a C7 figure-8 power inlet

## Prokord Power Cable

The Prokord Power Cable connects a C7-equipped device to a European mains outlet using a CEE7/16 Europlug. It is designed for routine powering tasks in offices and service environments where a longer reach is needed. The straight male and female connectors help maintain a secure fit, and the black finish keeps installations discreet.
