- ✓ Power Delivery up to 240W supports fast charging of high-power devices
- ✓ Matte black finish blends into professional IT environments

Product description

Why choose this USB cable?

Cirafon CF-CC-TPE-1.3-B# USB cable 1.3 m USB 2.0 USB C Black is a practical option for charging and basic data sync. It supports USB Power Delivery up to 240W, so you can power or charge larger USB-C laptops and devices. The 1.3 m length balances desk reach and cable management for everyday use.

CF-CC-TPE-1.3-B# USB cable 1.3 m USB 2.0 USB C Black in short:

- USB-C to USB-C, male-to-male design for direct device-to-device charging and connections.
- Supports USB Power Delivery up to 240W, suitable for high-power laptop charging.
- 1.3 m length gives flexible reach without excess cable on the desk.
- Black, molded connector housings for a clean look and reliable handling.
- Uses USB 2.0, so it is intended for charging and basic data sync rather than high-speed data transfer.

Cable details

The Cirafon CF-CC-TPE-1.3-B# cable lets you charge and power USB-C devices that accept PD delivery, while also handling everyday file sync tasks. Its USB-C connectors fit modern laptops, chargers, and accessories. Keep in mind the USB 2.0 data rate when you need fast file transfers or video output. The cable’s length and durable molded ends make it easy to use at a workstation or on the move.
