

Sync/charge Cable Cm To Cm 2.0m - Black#klon2m USB-C USB-C

Data sheet

Summary

- ✓ 2 metre USB-C to USB-C cable, useful when outlets are not next to your desk.
- ✓ Supports USB Power Delivery up to 240W, suitable for charging many laptops and high-power devices.
- ✓ USB 2.0 data capability for syncing phones, tablets, and peripherals.
- ✓ Male-to-male USB-C connectors, for direct device-to-device connections.
- ✓ Consideration: USB 2.0 limits data transfer speeds compared with newer USB-C standards.

Product description

Why choose this USB cable?

Cirafon CF-CC-TPE-2.0-B# USB cable 2 m USB 2.0 USB C Black. This 2 metre USB-C to USB-C cable offers reliable everyday charging and basic data transfer with a long reach for workstations and mobile setups. It supports USB Power Delivery up to 240W for high-wattage device charging, and the black, moulded connectors are designed for frequent handling and clear power identification.

CF-CC-TPE-2.0-B# USB cable 2 m USB 2.0 USB C Black in short:

- 2 metre USB-C to USB-C cable, useful when outlets are not next to your desk.
- Supports USB Power Delivery up to 240W, suitable for charging many laptops and high-power devices.
- USB 2.0 data capability for syncing phones, tablets, and peripherals.
- Male-to-male USB-C connectors, for direct device-to-device connections.
- Consideration: USB 2.0 limits data transfer speeds compared with newer USB-C standards.

CF-CC-TPE-2.0-B# USB cable 2 m USB 2.0 USB C Black

This cable is designed to simplify charging and basic connectivity. Use it to power laptops and charge high-wattage devices thanks to the 240W Power Delivery support, while also handling file transfers and peripheral connections at USB 2.0 speeds. The 2 metre length gives extra flexibility around desks and meeting rooms, and the visible power rating on the moulded connector helps identify the cable's capability during installation and maintenance.
