

Sync/charge Silicone Cable Cm To Cm 1.0m - Usb3.2 Ge1m 1m USB-C USB-C White White

Data sheet

Summary

- ✓ USB-C to USB-C, male to male, for direct connections between phones, tablets, laptops and docking stations.
- ✓ Supports USB 3.2 Gen 2 for high-speed data transfers and faster charging.
- ✓ 1 m length keeps your workspace tidy while giving enough reach for most setups.
- ✓ White cable with visible Cirafon branding and reinforced connector boots for everyday durability.
- ✓ Note: requires USB-C ports on both devices; not compatible with USB-A or Lightning without an adapter.

Product description

Why choose this cable?

Cirafon CF-CC-GEN2-1-W# lightning cable 1 m White gives you a practical, everyday solution for charging and fast data transfer. It combines USB 3.2 Gen 2 performance with a 1 m length that fits typical desk or mobile use. You get a clean white finish and durable connector boots that make handling and identification straightforward.

CF-CC-GEN2-1-W# lightning cable 1 m White in short:

- USB-C to USB-C, male to male, for direct connections between phones, tablets, laptops and docking stations.
- Supports USB 3.2 Gen 2 for high-speed data transfers and faster charging.
- 1 m length keeps your workspace tidy while giving enough reach for most setups.
- White cable with visible Cirafon branding and reinforced connector boots for everyday durability.
- Note: requires USB-C ports on both devices; not compatible with USB-A or Lightning without an adapter.

Details

The CF-CC-GEN2-1-W# cable is a 1 m USB-C cable designed for reliable charging and data sync. It uses USB-C male connectors on both ends and supports USB 3.2 Gen 2 performance, so you can move large files or supply higher charging currents where supported. The cable’s molded boots and metal connector housings add visible durability, making it suitable for regular use with laptops, external drives, docks and mobile devices.
