

# Cirafon CF-CC-SIL-1.3-W#

Data sheet

## Core Specs

|                          |         |
|--------------------------|---------|
| Cable length             | 1.3 m   |
| Connector 1              | USB-C   |
| Connector 2              | USB-C   |
| Product colour           | White   |
| USB version              | USB 2.0 |
| USB Power Delivery up to | 240 W   |

## Summary

- ✓ USB-C to USB-C, 1.3m length for convenient desk and travel use
- ✓ USB 2.0 data support provides reliable file transfer and syncing
- ✓ Supports USB Power Delivery up to 240W for fast device charging
- ✓ Male-to-male connectors enable direct connections between devices
- ✓ White finish blends with office setups and modern peripherals

# Product description

## Why choose this USB cable?

Cirafon CF-CC-SIL-1.3-W# USB cable 1.3 m USB 2.0 USB C White is a practical USB-C to USB-C cable for everyday charging and device syncing. The 1.3 m length gives flexible reach for desk or bedside use. With USB Power Delivery up to 240W, it supports charging of higher-power USB-C laptops and peripherals while keeping a tidy, white appearance.

## CF-CC-SIL-1.3-W# USB cable 1.3 m USB 2.0 USB C White in short:

- 1.3 m USB-C to USB-C cable, ideal for desk charging and connecting portable devices.
- Supports USB Power Delivery up to 240W for fast charging of compatible laptops and chargers.
- USB 2.0 data support for charging and standard file transfers or peripheral connections.
- Reversible male USB-C connectors and molded connector heads for reliable everyday use.
- Consideration: USB 2.0 data speeds are lower than USB 3.x, so this cable is not suited for very large, high-speed backups.

## Product details

The CF-CC-SIL-1.3-W# USB cable combines a white jacket with metal-finish connector sleeves and a visible Cirafon logo for a clean, professional look. Both ends use male USB-C connectors that plug in either way, simplifying connection. The cable handles power delivery negotiation for up to 240W with compatible chargers and devices, and provides standard USB 2.0 data transfer for syncing and peripheral use. Molded connector heads help reduce strain at the cable ends for everyday reliability.
