

Cirafon CF-CC-TPE-1.3-B#

Data sheet

Core Specs

Cable length	1.3 m
Connector 1	USB-C
Connector 2	USB-C
Product colour	Black
USB version	USB 2.0
USB Power Delivery up to	240 W

Summary

- ✓ 1.3m length provides flexible reach for desks, docks and mobile workspaces
- ✓ Dual USB-C male connectors enable direct device charging and pairing
- ✓ USB 2.0 supports reliable charging and basic data transfer between devices
- ✓ Power Delivery up to 240W charges high-power laptops fast
- ✓ Black finish fits professional setups and hides signs of wear

Product description

Why choose this USB cable?

Cirafon CF-CC-TPE-1.3-B# is a 1.3 metre USB-C to USB-C cable that delivers up to 240W Power Delivery for fast charging of laptops and high-power peripherals. Its reversible USB-C connectors make connections simple, and the black finish suits both desk and mobile use. USB 2.0 provides reliable charging and basic data syncing.

Cirafon CF-CC-TPE-1.3-B# in short:

- 1.3 m USB-C to USB-C cable for charging and device connectivity.
- Supports USB Power Delivery up to 240W, suitable for high-power laptops and docks.
- USB 2.0 data connection, good for syncing and peripherals but not for high-speed USB 3.x transfers.
- Reversible male USB-C connectors for easy plug-in.
- Consideration: if you need fast data transfer for external storage or video, choose a USB 3.x cable.

Product details

Cirafon CF-CC-TPE-1.3-B# provides straightforward charging and basic data transfer between USB-C devices. The male-to-male USB-C ends plug in either way, reducing setup time. At 1.3 metres the cable offers convenient reach for most workstations and charging stations. The black finish blends into professional environments, while Power Delivery support up to 240W covers demanding charging needs within the limits of the USB 2.0 data standard.
