Summary

- ✓ 1.3m length offers flexible reach for desks and meeting rooms.
- ✓ USB-C to USB-C male connectors fit modern laptops and peripherals.
- ✓ Supports USB 2.0 data for reliable file transfers up to 480 Mbps.
- ✓ Power Delivery up to 240W charges laptops and high-power devices.
- ✓ Clean white finish blends with office setups and cable runs.

Product description

Why choose this USB cable?

CF-CC-SIL-1.3-W Cirafon is a 1.3 m USB-C to USB-C cable that delivers reliable charging and straightforward data transfer for everyday use. It reduces cable clutter and makes connecting laptops, chargers, and peripherals easier. The reversible plugs and moderate length suit both desk setups and mobile workflows, while the visible Cirafon branding helps with identification.

CF-CC-SIL-1.3-W in short:

- USB-C male to male cable for charging and basic data sync between modern devices.
- USB 2.0 data support, suitable for file transfers, device syncing, and accessory connections.
- USB Power Delivery up to 240W, compatible with high-power chargers and many laptops.
- 1.3 m length balances reach and portability, with white finish and branded connector housings.
- Consideration: USB 2.0 limits data speed compared with USB 3.x cables, so it is not ideal for high-bandwidth data transfers.

CF-CC-SIL-1.3-W Cirafon

This Cirafon cable is designed for straightforward charging and everyday connectivity. The USB-C plugs are reversible for easy insertion and the 1.3 m length gives you enough reach for a laptop on a desk or a device while seated. The cable supports high-wattage power delivery, so you can use it with compatible chargers for faster device charging. The white cable with branded connector collars makes it easy to identify among other leads.
