Summary

- ✓ 5 m length provides flexible placement between equipment and outlets
- ✓ Standard C14 to C13 fit common PCs and monitors
- ✓ Straight molded connectors reduce strain and simplify connections
- ✓ Black finish blends with IT racks and desktop setups for neat cabling

Product description

Why choose this power cord?

Prokord DPC-C14C135B is a 5.0 m black IEC C14 to C13 power cord that gives flexible reach for monitors and desktop equipment. It delivers a reliable mains connection and helps keep installations tidy, making cable management easier in offices, meeting rooms and server racks.

Power Cord Pc-monitor 5.0m Black in short:

- 5.0 m length for flexible device placement and cleaner cable routing.
- IEC C14 to C13 connectors for broad compatibility with monitors, PCs and UPS units.
- Straight-form-factor connectors for simple installation and reduced connector strain.
- Black finish blends into typical office and rack environments.
- Check that your device uses a standard IEC C14 inlet before purchase.

Product details

This power cord connects devices that accept an IEC C13 coupler to equipment with a compatible C14 inlet, providing a straightforward mains link for displays and desktop systems. The straight connectors simplify routing behind desks and in cabinets while maintaining a secure fit. Use the 5 m reach to place displays or towers away from fixed outlets without needing additional adapters.

Technical Specification Matrix
