Product description

PROKORD 19" Rack Shelf

The PROKORD 19" Rack Shelf 1U Depth 250mm Black is the perfect solution for businesses looking to maximize their server rack capacity. With its robust design and 1U height, this shelf fits seamlessly into standard 19" rack cabinets, making it ideal for installation in data centers and server rooms. The 250mm depth provides enough space to organize and support smaller network equipment, hard drives, or other critical components.

This professional rack shelf is built for stability and durability, with a powder-coated black finish that provides both a stylish look and protection against wear and tear. Easy to install, it's ideal for businesses that value both functionality and aesthetics in their IT infrastructures.

With PROKORD 19" Rack Shelf 1U, you get a reliable and cost-effective solution to optimize your rack management.
