Product description

Gilford offers a high quality compatible toner cartridge that is a cost-effective alternative to branded products for businesses seeking reliable printing solutions. Our compatible toner cartridges provide the same reliable performance as original products and contribute to lower operating costs over time.

Manufactured to international standards ISO 9001 for quality and ISO 14001 for environmental responsibility, Gilford toner cartridges are designed to meet the needs of businesses that value both high quality printing and durability. Our products are an optimal choice for daily printing and are compatible with a wide range of HP printers.

Compatible with: HP Color LaserJet Pro M255dw, M255nw, M255dn, MFP M282nw, M283fdn, M283cdw, M283fdw.

Choose Gilford for affordable, long life toner cartridges that not only lower your printing costs but also reduce your environmental impact. Perfect for businesses that want a durable and economical printing solution without compromising on quality.
