

Recycled Ultra-Wide (Double Tempered) Screen Protector iPhone 15, iPhone 16

Data sheet

Summary

- ✓ **Environmentally Friendly and Sustainable:** Made from 60% recycled glass, a smart choice for the environment without compromising on quality or performance. 100% recyclable.
- ✓ **Optimal Touch Feel:** The screen protector preserves the natural touch experience without feeling rubbery or sluggish, like some other screen protectors.
- ✓ **Reduces Fingerprints and Smudges:** The specially treated surface resists dirt and fingerprints, keeping your screen clean and clear.
- ✓ **Easy to Apply:** The glass is easier to apply and minimizes the risk of air bubbles, resulting in a smooth and clear surface.
- ✓ **Maximum Protection:** Glass offers higher impact resistance than plastic, giving your device the best possible protection.

Product description

CIRAFON Recycled Ultra-Wide - Sustainable Screen Protector with 60% Recycled Glass and Global Recycled Standard Certification, 100% Recyclable

Protect your smartphone sustainably with the Cirafon Ultra-Clear screen protector, made from 60% recycled glass and certified to the Global Recycled Standard. This double tempered (9H) screen protector offers strong protection without compromising the design or functionality of your device. With Cirafon's premium quality, you get durable protection that preserves the crystal-clear clarity and feel of your screen.

Made from Recycled Material - An Eco-Friendly Choice

Cirafon Ultra-Clear is not only an effective screen protector but also an environmentally conscious choice. Made from 60% recycled glass, it meets the strict requirements of the Global Recycled Standard. By choosing this screen protector, you contribute to the reduction of waste and the sustainable use of resources.

Why You Need a Screen Protector

A cracked display can be both expensive and time-consuming to repair. A high-quality screen protector from Cirafon acts as insurance against damage and scratches and is rigorously tested to ensure it protects without affecting the touch function of the screen.

Advantages of the Cirafon Ultra-Clear Glass Screen Protector:

- Environmentally Friendly and Sustainable: Made from 60% recycled glass, a smart choice for the environment without compromising on quality or performance. 100% recyclable.
- Optimal Touch Feel: The screen protector preserves the natural touch experience without feeling rubbery or sluggish, like some other screen protectors.
- Reduces Fingerprints and Smudges: The specially treated surface resists dirt and fingerprints, keeping your screen clean and clear.
- Easy to Apply: The glass is easier to apply and minimizes the risk of air bubbles, resulting in a smooth and clear surface.
- Maximum Protection: Glass offers higher impact resistance than plastic, giving your device the best possible protection.

Protect Your Device in Style

For complete protection, we recommend combining Cirafon Ultra-Clear with a durable and stylish Cirafon shell. These cases are designed to protect your smartphone from bumps and drops while preserving the sleek design and full functionality of your device.

Easy to Apply - Tools for Perfect Fit

Includes a handy installation tool that ensures the screen protector is applied precisely and without air bubbles. Perfect fit and easy installation every time!

Protection with Style and Environmental Responsibility

Give your smartphone an extra layer of protection that considers both your device and our environment. Cirafon Ultra-Clear is not only insurance against damage and scratches, but also a conscious choice for more sustainable consumption.

With Cirafon Ultra-Clear, you get a high-quality screen protector that preserves both the performance and aesthetics of your screen while contributing to a sustainable future.
