

Aegis Shockproof MagSafe Phone Case (MIL-STD-810H Certified) iPhone 13, iPhone 14 Black

Data sheet

Summary

- ✓ 1.2m Drop Protection (MIL-STD-810H Certified): Tested to military standards and built to withstand repeated drops from 1.2 meters without damage.
- ✓ MagSafe Compatibility: The case supports MagSafe technology, making it easy to use with compatible chargers and accessories.
- ✓ Double Layer Design: The combination of a tough outer polycarbonate shell and a soft TPU inner layer protects your phone from scratches, bumps, and everyday wear.
- ✓ Raised Edges for Extra Protection: A 0.2mm raised edge around the camera and a 0.2mm edge around the screen help protect sensitive areas from scratches and damage.
- ✓ Elegant and Thin Design: Despite its durability, this phone case has a slim and sleek profile that complements the design of your device.

Product description

Cirafon Aegis Mobile Case – Black

Protect your phone with the Cirafon Aegis phone case – a perfect combination of style and security. This premium case offers reliable protection with its unique design, which includes both a hard polycarbonate shell and a soft TPU inner shell. With Cirafon Aegis, you get a sleek solution that effectively protects your device without compromising on appearance or functionality.

Key Features

- 1.2m Drop Protection (MIL-STD-810H Certified): Tested to military standards and built to withstand repeated drops from 1.2 meters without damage.
- MagSafe Compatibility: The case supports MagSafe technology, making it easy to use with compatible chargers and accessories.
- Double Layer Design: The combination of a tough outer polycarbonate shell and a soft TPU inner layer protects your phone from scratches, bumps, and everyday wear.
- Raised Edges for Extra Protection: A 0.2mm raised edge around the camera and a 0.2mm edge around the screen help protect sensitive areas from scratches and damage.
- Elegant and Thin Design: Despite its durability, this phone case has a slim and sleek profile that complements the design of your device.

Tested to Military Standards

The Cirafon Aegis case is certified to the MIL-STD-810H military standard. In an independent drop test conducted by SGS, following Method 516.8 (Procedure IV), the case withstood 10 drops from a height of 1.2 meters – on multiple edges and surfaces – without visible damage to either the phone or the case. This confirms the case's superior shock resistance even under demanding conditions.

Technical Specification Matrix

Header
