Product description

PROKORD TRAVELPORT USB-C to 3x USB + HDMI Adapter - Flexible and Versatile Connection for USB-C Devices

The PROKORD TRAVELPORT USB-C Adapter provides a powerful and versatile solution for connecting multiple devices via a single USB-C port. This adapter combines three USB 3.0 ports, HDMI output and USB-C for PD charging (up to 100W), making it ideal for your PC, MacBook, Chromebook and other devices with USB-C connectivity. Perfect for easily connecting and charging accessories, as well as connecting an external display for enhanced workspace or entertainment.

Key Features and Benefits

- Versatile Connectivity: Equip your device with three USB 3.0 ports for fast data transfer (up to 5Gbps), HDMI output to connect an external display, and a USB-C port that supports both data transfer and powerful charging.
- Crystal clear picture via HDMI: The adapter offers support for 4K resolution (3840 x 2160) at 30Hz through the HDMI port, making it perfect for showing movies, giving presentations or working on a larger screen with sharp image quality.
- Fast USB 3.0 connections: With three USB-A ports, you'll be able to connect and use accessories and storage devices at high speed.
- Efficient PD charging via USB-C: The USB-C port supports power supplies up to 100W (20V/5A), meaning you can charge your computer while using the adapter for connections. This is ideal for those who need reliable charging during longer work sessions.
- Portable and Easy to Use: With a compact design (85 x 45 x 11.5 mm) and lightweight (61.1 g), this adapter is easy to take with you, perfect for those who are often on the go. Plug-and-play functionality means no drivers are required - plug in and start using right away.

With the PROKORD TRAVELPORT USB-C Adapter, you get a flexible and reliable solution that provides easy connectivity for both work and entertainment, no matter where you are.
