Product description

Voxicon Prime Kit - Wireless keyboard and mouse with Bluetooth and ergonomic design

The Voxicon Prime Kit is the perfect solution for those who want a stylish, wireless keyboard and high-precision mouse with advanced features. With Bluetooth connectivity, multi-point technology, and rechargeable batteries, this kit is designed to improve your productivity both at work and at home, whether you use PC or Mac. The Voxicon Prime Kit combines elegant design with ergonomics to create a smooth and comfortable user experience that is perfectly suited to modern working life.

Key features of the Voxicon Prime Kit:

- Bluetooth wireless connectivity - connect both keyboard and mouse quickly and easily without cables.
- Multi-point technology - connect your keyboard and mouse to up to three devices simultaneously and easily switch between them.
- Rechargeable batteries - use both devices for up to a month on a single charge.
- Ergonomic design - both keyboard and mouse are designed to reduce strain during long working days.
- Adjustable DPI (800-4000) - the mouse offers adjustable sensitivity for precision work.
- RGB backlighting - the keyboard features atmospheric backlighting to help you work in dark environments.

Voxicon Prime Keyboard PX1 BT - Wireless and versatile keyboard

The Voxicon Prime Keyboard PX1 BT offers a wireless and stylish solution with RGB backlighting, providing an efficient and comfortable typing experience. The keys are low-profile and curved for a faster and more accurate typing experience. The advanced multi-point technology makes it easy to switch between multiple devices, perfect for multitasking.

Key Features:

- Compatible with both PC and Mac - seamless integration with different operating systems.
- Bluetooth connectivity - wireless connection for easy use without cables.
- Multi-point technology - connect to three devices simultaneously and easily switch between them.
- Rechargeable battery - long-lasting use, up to one month on one charge.
- RGB backlit - sleek design and practical lighting for working in dark environments.

Voxicon Prime EX1 - Ergonomic mouse with high precision

The Voxicon Prime EX1 is a high precision wireless mouse, perfect for both work and play. It is equipped with an optical sensor capable of up to 4000 DPI, which allows you to easily adjust the sensitivity depending on your work needs. In addition, the mouse has an OLED display that shows important information such as battery status and connection method.

Main features:

- Fixed switch and multi-point technology - the ability to connect to and switch between three devices.
- Adjustable DPI (800/1200/1600/2400/4000) - customize the mouse sensitivity to your needs.
- OLED display - monitor battery and connection status directly on the mouse.
- Ergonomic design - comfortable fit to reduce fatigue during long working days.

For an even better user experience, pair your Voxicon Prime EX1 with a Voxicon mouse pad. Explore Voxicon's range of mouse pads [here](#).

Perfect for modern working life

With the Voxicon Prime Kit you get a complete wireless package that helps you work efficiently and comfortably. The combination of the stylish backlit keyboard and high-precision mouse makes this kit the perfect choice for anyone who wants performance and elegance in one solution. Whether you're working in the office, at home, or traveling, the Voxicon Prime Kit gives you the equipment you need to be productive.
