

Wall Charger 1xUSB 230V 5V 2.4A BlackBlack

Data sheet

Summary

- ✓ Single USB-A port with Quick Charge 3.0, suited for faster top-ups of compatible phones.
- ✓ 2.4A (12W) output that shortens charging time compared with basic chargers.
- ✓ Compact black design that fits standard 230V European wall outlets, intended for indoor use.
- ✓ Supplied as a single unit, easy to store and transport.
- ✓ Note: limited to one device at a time and does not offer USB-C connectivity.

Product description

Why choose this wall charger?

Cirafon Wall Charger 1xUSB 230V 5V 2.4A Black provides fast, reliable indoor charging for mobile phones with Quick Charge 3.0. Its compact black housing plugs into standard 230V outlets and delivers a steady 2.4A output to reduce charge times. Choose it for a straightforward, dependable charging solution at home, in offices, or in shared work areas.

Cirafon Wall Charger 1xUSB 230V 5V 2.4A Black in short:

- Single USB-A port with Quick Charge 3.0, suited for faster top-ups of compatible phones.
- 2.4A (12W) output that shortens charging time compared with basic chargers.
- Compact black design that fits standard 230V European wall outlets, intended for indoor use.
- Supplied as a single unit, easy to store and transport.
- Note: limited to one device at a time and does not offer USB-C connectivity.

Product details

Cirafon Wall Charger 1xUSB 230V 5V 2.4A Black plugs into 230V AC sockets and supplies a stable 5V output up to 2.4A through a single USB-A port. Quick Charge 3.0 support helps compatible mobile phones reach usable battery levels faster, while the compact form keeps workspaces tidy. The charger is designed for indoor environments and is best when you need a simple, dependable charger for a smartphone rather than a multi-port or USB-C solution.
