

Wall Charger 30W PD3.0 USB-CBlack

Data sheet

Product description

Cirafon Wall Charger 30W PD3.0 USB-C

Charge effortlessly with Cirafon's 30W PD3.0 wall charger

Supercharge your devices

The Cirafon 30W PD3.0 USB C wall charger in sleek black is the ultimate answer for fast and efficient charging. With support for Power Delivery 3.0, this charger ensures your devices are powered up in no time.

Advanced charging technology

Utilizing USB-PD (Power Delivery), the Cirafon charger can quickly charge your smartphone to 50% in just 30 minutes. Ideal for both iPhones and Android devices, this technology dynamically adjusts the voltage to suit your device, ensuring a seamless and stress-free charging experience.

Compact and powerful

Using gallium nitride (GaN) technology, the Cirafon charger delivers impressive performance in a compact form factor. The innovative material allows the charger to have the same power as traditional chargers, but in a smaller and more efficient format, perfect for travel and daily use.

Universal compatibility

Designed for versatility, this universal wall charger supports a wide range of devices, from smartphones to tablets and computers. It easily adapts to your power needs, providing a convenient and smooth solution for all your charging needs. Please note that the cable is sold separately, so you can choose the one that best suits your installation.

The Cirafon Wall Charger 30W PD3.0 USB C is your trusted partner in maintaining the speed and performance of your devices, tailored for those who need the latest and greatest in charging technology.

Technical Specification Matrix

Header

Manufacturer	Cirafon
Model	CC30WB

Performance

Charger type	Indoor
Charger compatibility	Universal
Power source type	AC

USB Type-C ports quantity	1
Fast charging	Yes
USB Power Delivery	Yes
Fast charging technology	Power Delivery 3.0
USB Power Delivery revision	3.0
Number of simultaneously connected devices (max)	1
USB Power Delivery up to	30 W

Design

Product colour	Black
----------------	-------

Power

Input voltage	100 - 240 V
Input frequency	50 - 60 Hz
Output power	30 W

Technical details

Output voltage	5, 9, 12 V
----------------	------------

Packaging data

Quantity per pack	1 pc(s)
